TEMPORARY

Dear Applicant:

Temporary Appl. No.
RE: 59433 (49-1268)

Enclosed is a copy of the above-numbered approved Temporary Application. This is your authority to construct your works and to divert the water for the uses described.

While this approved application does give you our permission to divert and use water, it does not grant easements through public or private lands in order to gain access to the source nor to convey the water to the place of use, nor does this approval eliminate the need for such other permits as may be required by this Division or any other agency in implementing your diversion.

This application will expire December 31, 1984, and it is expected that no diversion or use of the water will be done after that date unless another proposal has been made and approved.

Your contact with this office, should you need it is with the Area Engineer, Robert F. Guy. The telephone number is 789-3714.

Yours truly,

Dee C. Hansen
